

GRAM VIKALANG PUNARJANMAM

Mobility is very important; to make a child go to school, to enable a student travel to college, and to make a worker go to office. Orthoses, or in layman's terms, calipers are appliances given to paralyzed or weak limbs fit to the children on a custom made basis, enabling them to walk erect. Handicapped persons in rural areas cannot afford to come to the city or towns where qualified rehabilitation teams are situated; they neglect their handicap and later develop deformities which are difficult to correct, except by surgical means.

In this background, Freedom Trust has been relentlessly working for the cause of such physically challenged persons living in rural areas and has helped them with mobility aids. This year, Freedom trust extended it's support to outreach programs in Perambakkam, Villupuram, Dalavaipuram, Kotagiri, Tuticorin, Trichi & Tirunelveli. For the first time in the history of Freedom Trust, appliances like wheel chairs, tricycles, walkers and crutches were given away to 180 beneficiaries who were drastically affected by floods in Dec 2015.

A TOTAL OF 908 PHYSICALLY CHALLENGED PERSONS HAVE RECEIVED MOBILITY AIDS IN THE YEAR ENDING MARCH 2016

A new concept – Freedom Trust had a great opportunity to join hands with Dream Runners who organized a Marathon on the 25th of July for the cause of disabled with specific focus on making amputees walk. The organization has decided to partner with Freedom Trust during the forthcoming year too.
